

Team Zoom Canine Entertainment is a dog show unlike the others. Many dog show companies focus only on frisbee, agility, and dock diving. While our shows do include frisbee and agility, each show also incorporates fun skits that are both entertaining and comedic. This assortment of entertainment allows Team Zoom to perform at a wider variety of venues.

Just a few things that you might see other dog shows don't have...

- Tightrope
- Team Zoom Fire Department
- Barrel Racing
- Mr. Awol Head
- Draco the Dragon
- Shake and Bake Circus Skit
- Rodeo Clown Swagger and Oz the Bull
- And much, much more...

Team Zoom performances are customized to fit the venue's size, layout, and audience's demographic as well as theme of the event -- and no audience or venue is too large for us! Our stunt dog shows blend agility stunts, comedic skits, audience participation, amazing tricks, frisbee, and much more all choreographed to music.

Team Zoom has been performing for audiences for over 10 years. Our show is self-contained providing barriers and sound system. We have performed for NFL teams, county fairs, numerous festivals, charity events, and much more.

Generally, there are between six to nine dogs in each show. We use a variety of different breeds including Border Collies, Cattle dogs, Papillons, Dalmatian, Labs, Dutch Shepherd, Koolie, and various mixed breeds from shelters around the United States.

Our shows last about 30 minutes, followed by a 15-minute meet-and-greet where the audience can meet our dogs and handlers. Our dogs have the energy to perform multiple times a day, but for the safety of our dogs and handlers, we ask for a 2-hour break between shows.
